Douglas:

I will need to see the letter for the consulting tribes to see if I can minimize the document amount for Darcy's signature. It depends, for example by looking at the letter below, if the highlighted text is the only thing that needs to be generated, I can do that. If the body of the letter is way different, compare to the other letters, then Darcy will need to sign each letter.

Once I see the final versions, I will let you know.

Ok thanks. Once Kim reviews, I will send you the final template letters so you can add in these fields and start generating the signed pdfs for the non-consulting tribes.

Since the body of these letters will change for each letter we send to a consulting tribe, will she have to sign each of these?

Douglas:

I learned how to do this thanks to Jeff.

Before Darcy signs the PDF I will need to add the highlighted below. Make sure to send the letter to me before Darcy sign's it. I can route it to Darcy via UIC Routing (SharePoint).

Let me know when is ready.

Omar: fyi, we should have Kim's input today then you can begin to generate these letters using your contact information and Valois' table of consultation meetings.

Jeff Hall can help you so that Darcy only has to sign once.

Thanks Kim: as an optional invite its not necessary you attend.

Can you let me know when you will be able to finish your review of the two consultation conclusion template letters?  
Paul and Mike have offered their edits.

Once we have your input, we can move forward in finalizing these for all 38 tribal nations which will take some time to complete.

Douglas

Hi Douglas – as you know I’m off on Friday. It’s possible I may be able to call in for this meeting, but I’m not 100% sure. Please let me know if there’s something you’d like me to weigh in on before then. Thanks! – Kim V.
